Dear Mavis/Bill

RE: APPLICATION FOR HELP

We are pleased to provide you with an update.

JUSTICEwa is currently reviewing all applications for help that have been lodged with us. We may contact you over the next few months for additional information/clarification.

Despite receiving minimal financial support, we are pressing forward with taking on our first case. This has only been possible because of the enormous personal sacrifice of a handful of dedicated supporters who are seeking justice on behalf of others.

We expect to notify the successful applicant early in 2013.

Please appreciate that overturning a conviction is a David vs Goliath battle which usually takes years to achieve eg Andrew Mallard's fight for freedom took over 12 years and reportedly in excess of 3 million dollars in pro bono legal services.

Yours faithfully
