He was Uncle, Brother, Nephew and Pop to lots of people to name.  
He also was a great friend to many of people.

Albert was born on Mt Clare Station in 1951 while Mum Amy & Dad Djangai was mustering for Landor Station where they lived with Gumbi, Glady, Topsy & Meibi. Then at the age of 4 or 5 his Mum got with stepdad Clarrie Smith still on Landor. When Karalundi Mission first started he done his schooling there till the age of 16. On holidays he would go between Landor, Mt James & Mulgul where they settle.

In the sixty's he met up with the Smirke brothers, they were all young boys but that's how he got so used to Toby and David Smirke. They all grew up together with our mums and Dads.

Those were hard days to get buy, walking here and there. They just grew up out in the bush, started working as they were growing, and got into Mustering and then kept going on, and on until Toby got the Overseers job from his old man Peter Joey.

For years he's been with Toby and David, they were like brothers to him, his best mates.

Then it came to the 70s, that's when he met Beris in Kooline Station. Beris and he used to go station, to station working, up and down the Ashburton River, at Mt Minnie Station, Cane River Station, Mt Stuart Station, Nanularra Station, Wyloo Station, Milgun and Mulgul Station.

They then went back to Kooline and that's where they really settled down. Kooline was their home with their Mum and Dad. Then in 1975 they had Raelene, she was running around and playing with Ivan, Hollaway & Anthony. Then came Clarence & Dianne, they also looked after Mary while she was schooling. Then in 1982 they broke up and went their own ways.

Over the years he would travel around visiting families. In 1999, he gave evidence for the NWN claim. He stayed at Yulga Jinna for awhile and would go and visit his mum in Meeka.

He settled at Wakathuni with his wife Beris and three children where he sadly passed away in September 2006. He was a respected member of the community and will be sadly missed by his family and Friends.

## My Darling Son

I was very lucky to have born you; you brought me so much joy.  
We had a lot of wonderful years together in the bush on the Station.

## MY BOY

I had Albert when he was a little boy, We spent most of his childhood at  
Mulgul Station. He used to play the Guitar with one finger, until I taught  
him to play with all of his fingers. He stayed with me until he was old  
enough to go his own way. I showed him everything he needed to know  
to get on in life.

I will have his memories to cherish.

Love  
Dad Clarrie

May you rest in Peace

I remember when Clarrie was ill in Royal Perth in October 2003. Tadgee, Maisie & I piled into my Falcon with Albert and we drove all night playing Slim Dusty all the way. Now my dear friend has left us prematurely & life will not be the same. Another time I visited him in the intensive care ward at Sir Charles Gairdner. His will to live got him through but was never in the best of health after that. For work we would travel to Yulga Jinna along the Ashburton road the country he knew so well. He was great company telling stories about mustering & the good old days. I will always remember his cheery wave as he sat on the veranda of his house in Wakathuni.

Please pass on my sympathy to his mother, Beris & family  
From Juju Bill Day

Goodbye

When he came to Perth last, he stayed at my house. He was a perfect gentleman with a quiet sense of humour that made us all laugh.

I will miss you.
