

Register Report for Frank Secretary

Generation 1

1. Frank Secretary-1.

Notes for Frank Secretary:

General Notes:

Gray 2000: Paragraph 4.5.3. King Miranda, the father of King George, is shown as a classificatory brother of Madjalimba, the father of Frank Secretary. Djindjabat's father is shown as Djalamin, who is shown as a classificatory brother of King Tommy, the father of King Miranda. Dr Rose's research has produced different results. Her genealogy shows King Miranda as the father of both King George and Frank Secretary (i.e. King George and Frank Secretary as natural brothers). It shows a man called Imabulg as the father of Tommy Lyons. Imabulg's father is shown as Djalanim, a classificatory brother of King Tommy, the father of King Miranda. Crab Billy Belyuen's natural father is not shown. The evidence justifies no more than a finding that the four acknowledged ancestors were classificatory brothers.
